

# *Visage Center*

## *Product Return Policy*

If the skin care products you have purchased at the Visage Center do not work out for you, you may return the unused portion of the product. We offer two types of returns, a Replacement or a Refund.

Skin Care Products are eligible for a Replacement of the same item if the original product is damaged, defective, or if you received the wrong product.

Skin Care products are eligible for a 100 percent Refund within 30 days of purchase if you decide that you don't want the item, it didn't meet your expectations, or if you had an adverse reaction. You will not be responsible for return shipping costs on any returns or refunds.

Please note that if a refund is requested, University Hospital will send a check by mail to you within 30 days.

If you have any questions, please contact us at 720-848-4300
